

Dear Brother,

Praise The Lord In The Name Of Lord Jesus Christ. Wishing you Happy New Year From me and Behalf Of our The Children.

Brother we Welcome This Year 2020 Along with the children with a lots of joy and Praises to God. I am Very glad to say that I am also a part of service to God.

Our Home Children wake up early in the morning. Worship the Lord and study for half an hour and get ready to school and take breakfast before going to school. They will be sharp at the school in time. Our Home children are very good at the worship and punctual at the studies.

After return from the school children will fresh up and be for study for one hour. After that children will take dinner and again be for the study till night 9:00pm. After that children will go to bed. This is our children daily schedule.

This year I Celebrated Christmas and New Year very happily and Joyfully with the Children. I distributed sweets,colored rice and chicken to children. Children felt very happy. On 24<sup>th</sup> night children went to carols and preach God's word to every home.

In holidays children are very happily spending the holiday time with indoor and outdoor games.

My heartfelt thanks to you. For your abundant help to the children and looking after the every need of them. I am very glad and blessed to do His Service with your help. Once again wishing you Happy New Year 2020 from me and Children

In His Service
